

§ 62.17 Fees and charges. [Reserved]

Subpart B—Specific Program Provisions

§ 62.20 Professors and research scholars.

(a) *Introduction.* These regulations govern professors and research scholars, except:

(1) Alien physicians in graduate medical education or training, who are governed by regulations set forth at § 514.27; and

(2) Short-term scholars, who are governed by regulations set forth at § 514.21.

(b) *Purpose.* A primary purpose of the Exchange Visitor Program is to foster the exchange of ideas between Americans and foreign nationals and to stimulate international collaborative teaching and research efforts. The exchange of professors and research scholars promotes interchange, mutual enrichment, and linkages between research and educational institutions in the United States and foreign countries. It does so by providing foreign professors and research scholars the opportunity to engage in research, teaching, and lecturing with their American colleagues, to participate actively in cross-cultural activities with Americans, and ultimately to share with their fellow citizens their experiences and increased knowledge about the United States and their substantive fields.

(c) *Designation.* The Department of State may, in its sole discretion, designate *bona fide* programs which offer foreign nationals the opportunity to engage in research, teaching, lecturing, observing, or consulting at research institutions, corporate research facilities, museums, libraries, post-secondary accredited educational institutions, or similar types of institutions in the United States.

(d) *Visitor eligibility.* An individual may be selected for participation in the Exchange Visitor Program as a professor or research scholar subject to the following conditions:

(i) The participant shall not be a candidate for tenure track position; and

(ii) The participant has not been physically present in the United States

as a nonimmigrant pursuant to the provisions of 8 U.S.C. 1101(a)(15)(J) for all or part of the twelve month period immediately preceding the date of program commencement set forth on his or her Form IAP-66, unless:

(A) The participant is transferring to the sponsor's program as provided in § 514.42; or

(B) The participant's presence in the United States was of less than six months duration; or

(C) The participant's presence in the United States was pursuant to a Short-term scholar exchange activity as authorized by § 514.21.

(e) *Insurance of Form IAP-66.* The Form IAP-66 shall be issued only after the professor or research scholar has been accepted by the institution(s) where he or she will participate in an exchange visitor program.

(f) *Location of the exchange.* Professors or research scholars shall conduct their exchange activity at the location(s) listed on the Form IAP-66, which could be either at the location of the exchange visitor sponsor or the site of a third party facilitating the exchange. An exchange visitor may also engage in activities at locations not listed on the Form IAP-66 if such activities constitute occasional lectures or consultations as permitted by § 514.20(g).

(g) *Occasional lectures or consultations.* Professors and research scholars may participate in occasional lectures and short-term consultations, unless disallowed by the sponsor. Such lectures and consultations must be incidental to the exchange visitor's primary program activities. If wages or other remuneration are received by the exchange visitor for such activities, the exchange visitor must act as an independent contractor, as such term is defined in 8 CFR 274a.1(j), and the following criteria and procedures shall be satisfied:

(1) *Criteria.* The occasional lectures or short-term consultations shall:

(i) Be directly related to the objectives of the exchange visitor's program;

(ii) Be incidental to the exchange visitor's primary program activities; and

(iii) Not delay the completion date of the visitor's program.

(2) *Procedures.*

(i) To obtain authorization to engage in occasional lectures or short-term consultations involving wages or other remuneration, the exchange visitor shall present to the responsible officer:

(A) A letter from the offeror setting forth the terms and conditions of the offer to lecture or consult, including the duration, number of hours, field or subject, amount of compensation, and description of such activity; and

(B) A letter from his or her department head or supervisor recommending such activity and explaining how it would enhance the exchange visitor's program.

(ii) The responsible officer shall review the letters required in § 514.20(g)(2)(i) above and make a written determination whether such activity is warranted and satisfies the criteria set forth in § 514.20(g)(1).

(h) *Category.* At the discretion of the responsible officer, professors may freely engage in research and research scholars may freely engage in teaching and lecturing, unless disallowed by the sponsor. Because these activities are so intertwined, such a change of activity will not be considered a change of category necessitating a formal approval by the responsible officer or approval by the Department of State. Any Form IAP-66 issued to the exchange visitor should reflect the current category of the exchange visitor, either professor or research scholar.

(i) *Duration of participation.* The permitted duration of program participation for a professor or research scholar shall be as follows:

(1) *General limitation.* The professor and research scholar shall be authorized to participate in the Exchange Visitor Program for the length of time necessary to complete his or her program, which time shall not exceed three years.

(2) *Exceptional circumstance.* The Department of State may authorize a designated Exchange Visitor Program sponsor to conduct an exchange activity requiring a period of program duration in excess of three years. A sponsor seeking to conduct a discrete activity requiring more than the permitted three years of program duration, but less than six years of program dura-

tion, shall make written request to the Department of State and secure written Department of State approval. Such request shall include:

(i) A detailed explanation of the discrete exchange activity; and

(ii) A certification that the participation of selected research scholars will be financed directly by United States or foreign government funds.

(3) *Change of category.* A change between the categories of professor and research scholar shall not extend an exchange visitor's permitted period of participation beyond three years.

(j) *Extension of program.* Professors and research scholars may be authorized program extensions as follows:

(1) *Responsible officer authorization.* A responsible officer may extend, in his or her discretion and for a period not to exceed six months, the three year period of program participation permitted under § 514.20(i). The responsible officer exercising his or her discretion shall do so only upon his or her affirmative determination that such extension is necessary in order to permit the research scholar or professor to complete a specific project or research activity.

(2) *Department of State authorization.* The Department of State may extend, upon request and in its sole discretion, the three year period of program participation permitted under § 514.20(i). A request for Department of State authorization to extend the period of program participation for a professor or research scholar shall:

(i) Be submitted to the Department of State, unless prevented by extraordinary circumstance, no less than 60 days prior to the expiration of the participant's permitted three year period of program participation; and

(ii) Present evidence, satisfactory to the Department of State, that such request is justified due to exceptional or unusual circumstances and is necessary in order to permit the researcher or professor to complete a specific project or research activity.

(3) *Timeliness.* The Department of State will not review a request for Department of State authorization to extend the three year period of program participation permitted under § 514.20(i) unless timely filed; provided, however,

Department of State

§ 62.22

that the Department of State reserves the right to review a request that is not timely filed due to extraordinary circumstance.

(4) *Final decision.* The Department of State anticipates it will respond to requests for Department of State authorization to extend the three year period of program participation permitted under §514.20(i) within 30 days of Department of State receipt of such request and supporting documentation. Such response shall constitute the Department of State's final decision.

§ 62.21 Short-term scholars.

(a) *Introduction.* These regulations govern scholars coming to the United States for a period of up to four months to lecture, observe, consult, and to participate in seminars, workshops, conferences, study tours, professional meetings, or similar types of educational and professional activities.

(b) *Purpose.* The Exchange Visitor Program promotes the interchange of knowledge and skills among foreign and American scholars. It does so by providing foreign scholars the opportunity to exchange ideas with their American colleagues, participate in educational and professional programs, confer on common problems and projects, and promote professional relationships and communications.

(c) *Designation.* The Department of State may, in its sole discretion, designate *bona fide* programs which offer foreign nationals the opportunity to engage in short-term visits for the purpose of lecturing, observing, consulting, training, or demonstrating special skills at research institutions, museums, libraries, post-secondary accredited educational institutions, or similar types of institutions.

(d) *Visitor eligibility.* A person participating in the Exchange Visitor Program under this section shall satisfy the definition of a short-term scholar as set forth in §514.4.

(e) *Cross-cultural activities and orientation.* Due to the nature of such exchanges, sponsors of programs for short-term scholars shall be exempted from the requirements of providing

cross-cultural activities and orientation as set forth in §514.8(d) and §514.10(c). However, sponsors are encouraged to provide such programs for short-term scholars whenever appropriate.

(f) *Location of exchange.* The short-term scholar shall participate in the Exchange Visitor Program at the conferences, workshops, seminars, or other events or activities stated on his or her Form IAP-66. A participant may also lecture or consult at institutions not listed on the Form IAP-66 if his or her Responsible Officer issues a written authorization of such activity. Such written authorization must be attached to the participant's Form IAP-66.

(g) *Duration of participation.* The short-term scholar shall be authorized to participate in the Exchange Visitor Program for the length of time necessary to complete the program, which time shall not exceed six months. Programs under this section are exempted from §514.8(b) governing the minimum duration of a program. Extensions beyond the duration of participation are not permitted under this category.

§ 62.22 Trainees.

(a) *Introduction.* These regulations govern all exchange visitor programs under which foreign nationals are provided with opportunities for receiving training in the United States. Regulations dealing with training opportunities which may, under certain conditions, be authorized for foreign students who are studying at post-secondary accredited educational institutions in the United States are found at §514.23. Regulations governing medical trainees are found at §514.27.

(b) *Purpose of training.* The primary objectives of training are to enhance the exchange visitor's skills in his or her specialty or non-specialty occupation through participation in a structured training program and to improve the participant's knowledge of American techniques, methodologies, or expertise within the individual's field of endeavor. Such training programs are also designed to enable the exchange
